ONE DESIGN VISION COMPLETE BATHROOM SOLUTIONS

Bien Design Universe is the design-driven ecosystem where complete bathroom solutions come to life. It is built on a single, powerful idea: every bathroom should be conceived as a whole—not as separate products, but as an integrated system shaped by design, engineering, and experience.

At the core of Bien Design Universe stands a strong and visionary design team. From healthcare facilities to hospitality projects, from public spaces to residential developments, each concept is carefully crafted to respond to real-life needs, architectural intent, and user expectations.

Materials, proportions, light, and functionality are developed together to form cohesive bathroom environments. Every product is designed not only to perform on its own, but to work seamlessly within a complete solution.

Bien Design Universe is where design intelligence meets manufacturing strength—delivering coherent, scalable, and future-ready bathroom solutions across all segments.

MEDICA

Designed for Care. Built for Compliance.

In healthcare environments, a bathroom is not just a space; it is a protocol. Bien Medica is a complete bathroom solution designed for facilities where hygiene, safety, and regulatory compliance are non-negotiable priorities. Every product, every surface, and every detail is part of a controlled and integrated system aligned with healthcare standards. In Bien Medica, design steps back and the system takes the lead—because in medical spaces, aesthetics are the natural result of reliability.

DIAMOND

Engineered for Constant Use

In public spaces, continuity defines quality. Bien Diamond brings together durability, modularity, and sustainability in a single, integrated bathroom system for high-traffic environments. Products are not designed as individual elements, but as parts of a cohesive structure that works seamlessly as a whole. With its consistent layout and long-lasting performance, Bien Diamond delivers a reliable and efficient complete bathroom solution for public projects.

LUXIA

Where the Experience Begins.

The guest experience begins in the bathroom. Bien Luxia transforms hotel and premium bathrooms from functional areas into an essential part of the overall experience. Light, surfaces, and products do not compete for attention; they come together to create a refined atmosphere. Bien Luxia offers a complete bathroom approach that elevates the space, enhances brand perception, and leaves a lasting impression—without ever demanding attention.

CORE

Performance, Simplified.

In large-scale buildings, efficiency starts with simplicity. Bien Core is a functional bathroom system developed for industrial, educational, and large-scale facilities where cost-performance balance is essential. Free from unnecessary details, it offers a rhythmic and systematic layout built around durability and ease of use. With products that operate quietly and efficiently, Bien Core provides a rational and dependable complete bathroom solution for demanding environments.

ESSENTIA

Simply Right.

What is right is always enough. Bien Essentia offers a clear and honest bathroom approach for social housing and accessible living projects, focusing on durability, simplicity, and essential needs. Its design language avoids excess and emphasizes clarity and functionality. Bien Essentia is not about being minimal—it is about delivering the right solution, in the right place, in the right way. A complete bathroom solution that is fundamental, reliable, and purposeful.

HIGH STANDARD OF HYGIENE *with no-rim*

The new generation No-Rim WC pans are designed without a rim inside the bowl. This makes them easy to clean and reduces bacteria buildup.

A Bien signature on environmentally-friendly designs...

HYGIENE CHANGED IT'S FORM *with EASYWASH*

The built-in bidet nozzle EASYWASH offers an aesthetic appearance and ergonomic handling in wall-hung and close coupled back-to-wall models.

A surreal landscape with a large Earth in the sky, mountains, and water. The scene is monochromatic with shades of blue and white. The Earth is positioned in the upper center, appearing as a large, textured sphere. Below it, a range of jagged, snow-capped mountains stretches across the horizon. In the foreground, a body of water reflects the sky and the objects above. Two white ceramic fixtures, a toilet and a bidet, are floating in the water. The toilet is on the left, and the bidet is on the right. The overall atmosphere is clean and futuristic.

MAGICLEAN+

BY BIEN:
MORE HYGIENIC,
EASIER CLEANING!

Redefining standards in cleaning,
Bien's Magiclean+ surface enables deep cleaning in bathrooms and
provides an essential hygiene solution for shared spaces.

SUSTAINABLE BIEN FAUCET TECHNOLOGY

BIEN KNOW – HOW

We, as BIEN, offer our customers the most effective solutions binding latest technology with years of experience and fund of knowledge focused on a continuous development and improvement in all units, by accepting customer satisfaction as our first aim.

BIEN QUALITY CONTROL

The most significant goal of ours is to operate 100% quality control processes in every phase of our production and to attain sustainable and always improvable quality by using the outcome of this process as new production input.

HIGH GRADE RAW MATERIAL

Our biggest mission is to manufacture products that respect human health and nature by using high quality raw materials in accordance with European standards.

SMOOTH SURFACE TECHNOLOGY

As Bien, we produce smooth and durable faucet surfaces at micron level with our superior coating technology and offer them to our customers.

SUSTAINABLE BIEN FAUCET TECHNOLOGY

INNOVATION & DESIGN

We develop user-friendly functional products and aesthetical solutions with our innovation and design approach that deals with current demands of our customers and market and their medium & long term needs of the future.

WATER SAVING

Water is irreplaceable for all living creatures on earth. Existence of sufficient and good quality water is the key element of freshwater ecosystems, humankind, food security and sustainable development. These resources are decreasing even more day by day due to limited water resources and global warming and consumption reasons. Because of these reasons, we, as BIEN, produce water-saving products in order to leave healthy and sufficient water for future generations.

HYGIENIC PRODUCTS

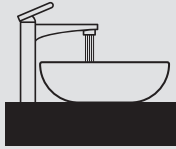

Hygiene of wet areas in individual and public use places is a really important subject for human health. We provide maximum hygiene in bathrooms and toilets with our antimicrobial coating technology *Magiclean* and our functional products which we developed.

ECO PROTECT

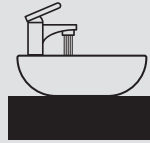

We, as BIEN, manufacture water-saving, harmless to human health raw materials and hygienic, environmentally friendly faucets and create sustainable BIEN FAUCET TECHNOLOGY by bringing these faucets together with the ultimate consumers with their environmentally friendly packaging suitable for recycling. Our most important mission is to maintain the Ecological balance with this sustainable faucet technology.
